## **Short Course TIM645: Jyotish (Vedic Astrology) An Introductory Course Led by Kesavan "Kesi" Nair, Ph.D.**

An online short course intended for students who wish to learn the basic principles of elaboration and interpretation of Vedic astrological charts for individuals. Analysis of the natal chart helps with self-knowledge and to understand the challenges and occurrences of important events in one's life.

**For a detailed course outline, click on the Jyotish course listing at [www.taksha.org](http://www.taksha.org).**

**Faculty Profile:** With a Ph.D. in Nuclear Engineering from the University of Florida, Gainesville, in 1970, Indian-born **Dr. Kesavan (Kesi) Nair** worked as a Professor and Researcher in Brazil. During this time, Dr. Nair also pursued his passion for astrology and integrative medicine, learning Jyotish (Vedic Astrology), with guidance from several noted astrologers in India (Kerala), and developed his own Vedic Astrology software (JATAKA). Since 1984, he has practiced Jyotish professionally, and since 1992, has led basic and advanced courses and seminars on the subject to Brazilian students. In addition, Dr. Nair has practiced Homeopathy (and other alternative therapeutic methods) for over 25 years. As Taksha Professor of Jyotish and Integrative Medicine, Dr. Nair will teach this introductory course for the first time in the USA, using his software.

All proceeds from registration fees, product sales, and charitable contributions support the educational and research programs of Taksha University, a 501(c)3 not-for-profit educational institution established in 1976 in Hampton, VA.
